Notes

1. The complaints reporting methodology has been updated for 2015-16. This methodology better reflects the effort the department puts into managing complaints. Included into this data set are the outcomes or solutions achieved as a consequence of action taken in the handling of complaints.
2. The numbers reported in this section include:
 - All internal reviews (regardless of whether there are, or there are no, resultant recommendation/s).
 - Complaints (regardless of type and response) that have one (as a minimum) resultant recommendation.
 - The outcomes or solutions achieved as a consequence of action taken in the handling of complaints. This applies to all complaints regardless of their type (i.e. low, medium or high complexity) and response i.e. alternative response or investigation.
