Good afternoon,

I would like to have my say and put in a submission for the review on the culture heritage ACT. I feel as a Kombumerri woman of the Gold Coast the ACT is incoherent and doesn't speak for all Indigenous Australians. The cultural heritage ACT has failed and has caused nothing but continued fighting and greed. THIS NEEDS TO CHANGE.

My personal view is that any culture heritage work should be undertaken by the traditional owners of where the work is to be undertaken.

I do understand that this is a very hard task, and Native Title and Cultural Heritage a very interlinked. However, the ACT needs to change.

Kind regards
